## 80th House Blessing!

**May 11th - St. Joseph Habitat for Humanity** will celebrate another Habitat home by blessing **House #80** for Michaela & her family. We are excited for the family to move into their new home and hope that you can join us as we celebrate this milestone.

Michaela is a mother of 5 children, three daughters, and two sons and works for Lehr Construction Company for the past 2 years in the administrative office.

*“Partnering with Habitat was overwhelming at first. My children have always told me that they wanted to have a yard to play in. Habitat’s program gave us hope for a better future for a home we can call our own.” said Michaela.*

Please come and share with Michaela as she celebrates this joyous occasion.

**422 S. 20<sup>th</sup> Street**  
**Wednesday, May 11<sup>th</sup>**  
**Home Blessing at 11:00 AM**

We invite those interested to come for interviews, photographs and footage of Michaela and her family the day of the blessing.

St. Joseph Habitat for Humanity has now partnered with **80 families** and made their dreams of homeownership come true. With a requirement of 400 hours of homeowner labor and purchase of the home, *SJHFH offers a hand-up, not a hand-out.* For more information regarding St. Joseph Habitat for Humanity call 816-279-2552, visit our website at [www.stjoehabitat.org](http://www.stjoehabitat.org), and like us on [facebook.com/StJosephHabitatForHumanity](https://www.facebook.com/StJosephHabitatForHumanity).
